

MASSER

PRECISION

Racal TWC

New measuring principle - Measuring range up to 2600mm

One-hand operation - ensure fast and precise measurement

Powerful tool for inventory work - capability for demanding measurement
and data collection programs

MASSER - Precision calipers

Harvester calibration

Masser Excaliper II

- Masser Calipers are ruggedly made of light weight aluminium to withstand the most demanding conditions and use
- Water proof construction and pre-lubricated bearings give a long working life
- Powerful processor and 4 Mb of fast memory gives the possibility for a variety of measurement and data collection software
- Revolutionary measurement principle even for large diameter trees:
 - * Measurement up to 316 mm are direct diameter readings
 - * Diameter from 317 to 2600 mm are computed from three point ARC-measurements

Product specifications

Measuring range	40 - 2600 mm
Resolution better than	1 mm up to 560 mm 2 mm up to 1000 mm 5 mm up to 2600 mm
Calibration	Self calibrating
Weight	1100 g
Operating temperature	-20°C to +40°C
Storage temperature	-30°C to +60°C
Sealing	Waterproof IP67
Keypad	Enter button and a toggle switch for menu select
Software support	MASSER Developer or tailored software packages
Display	128 x 64 pixel graphic LCD, backlight
Communications	Serial port RS 232 C
Memory capacity	4 Mb
Power	2 x 1,5V AA + Back-up battery
Working time	Up to 200 h / one battery set
Warranty	1 year

Options

GPS Receiver	
Bluetooth	Serial port adapter
USB	Serial port adapter
